

specialized in Compressor Valve,compressor valve plate,piston ring,
PEEK valve plate,compressor spring

Ring Valve

Product features:

- Good sealing performance, small clearance volume, stout valve ring design reducing valve seat wear
- Valve plate shape is simple, easy to machining
- Metallic/non-metallic valve plate
- Wide groove design, excellent flow characteristics and resistance to impurities, high-efficiency
- Widely be used in any pressure and speed compressor, especially in worst working condition(such as: coke oven gas)

Our advantages:

- High quality control
- Competitive price
- ISO9001 certification
- OEM acceptable
- Customer's 2D,3D drawings or samples are welcomed
- Rich experience in design and manufacturing of compressor valves

specialized in Compressor Valve,compressor valve plate,piston ring,
PEEK valve plate,compressor spring

Poppet Valve

Product features:

- Low noise, good sealing performance, long service life
- All valve sealing elements are fabricate with imported raw material
- Low Pressure drop due to high free lift area (Reduced valve HP loss)
- No maximum limit on valve outside diameter
- High lift can pass debris
- Sealing material :PEEK
- Poppet valves are used in many process gas compressor(eg: oil&chemical industrial etc.)

Our advantages:

- High quality control
- Competitive price
- ISO9001 certification
- OEM acceptable
- Customer's 2D,3Ddrawings or samples are welcomed
- Rich experience in design and manufacturing of compressor valves

specialized in Compressor Valve,compressor valve plate,piston ring,
PEEK valve plate,compressor spring

Plate Valve (metal valve plate)

Product features:

- Elastic metal valve plate, move without friction
- Can be equipped with different kinds of damping plate
- suitable for oil free lubrication working conditions、 high and variable rotating speed as well as for high temperatures
- Widely be used in PET bottle production、 compressor for N2、 O2 and CO2 etc.

Our advantages:

- High quality control
- Competitive price
- ISO9001 certification
- OEM acceptable
- Customer's 2D,3D drawings or samples are welcomed
- Rich experience in design and manufacturing of compressor valves

specialized in Compressor Valve,compressor valve plate,piston ring,
PEEK valve plate,compressor spring

Plate Valve (PEEK valve plate)

Product features:

- Good sealing performance, long service life, reducing energy consumption to 5%~10%, low noise, excellent self-lubricating property(suitable for oil and oil free lubrication working condition.
- non-metallic valve plate
- good sealing performance,
- suitable for a wide range of gases(such as inert gas, aggressive gas, dirty gas etc.)
- Widely be used in various of compressor

Our advantages:

- High quality control
- Competitive price
- ISO9001 certification
- OEM acceptable
- Customer's 2D,3D drawings or samples are welcomed
- Rich experience in design and manufacturing of compressor valves

Zhuita Machinery

specialized in Compressor Valve, compressor valve plate, piston ring,
PEEK valve plate, compressor spring

Concentric Valve

Product features:

- At the same time carry out the suction and discharge function
- The suction side can be installed the actuator for the unloading
- Suitable for valve layout space limited and small clearance volume condition
- Widely be used in air or process gas compressor

Our advantages:

- High quality control
- Competitive price
- ISO9001 certification
- OEM acceptable
- Customer's 2D,3D drawings or samples are welcomed
- Rich experience in design and manufacturing of compressor valves

specialized in Compressor Valve,compressor valve plate,piston ring,
PEEK valve plate,compressor spring

Antifouling valve

Product features:

- Effectively decreases conglutinations of various substances in gases of compressor, prolongs the lifetime of valve
- Low noise
- Low frictional coefficient of the coat on valve helps to decrease air flow resistance to reduce the power of compressor
- Valve could withstand erosion of various gases, the coat could withstand impact and washout in high temperature conditions.

Our advantages:

- High quality control
- Competitive price
- ISO9001 certification
- OEM acceptable
- Customer's 2D,3D drawings or samples are welcomed
- Rich experience in design and manufacturing of compressor valves

specialized in Compressor Valve,compressor valve plate,piston ring,
PEEK valve plate,compressor spring

Channel Valve

Product features:

- Channel valve plate
- Suitable for medium & low speed compressor

Our advantages:

- High quality control
- Competitive price
- ISO9001 certification
- OEM acceptable
- Customer's 2D,3D drawings or samples are welcomed
- Rich experience in design and manufacturing of compressor valves
