

PEEK valve plate

Product features:

- Victrex raw material
- running continuously at 250°C
- excellent self-lubricating property
- low noise
- reducing energy consumption
- suitable for oil and oil free lubrication working condition.
- Withstand impact of the solid particles and liquid droplet
- Durable and safe

Our advantages:

- We use only 100% virgin material to ensure the purity and performance of finished parts
- High quality control
- Competitive price
- ISO9001 certification
- OEM acceptable
- Customer's 2D, 3D drawings or samples are welcomed
- Rich experience in compressor valves

Metal valve plate

Material:

- PH15-7Mo
- Sandvik steel
- AISI6150
- AISI 420/AISI 420S45
- INCONEL ALLOY Etc.
- ZHUITA metal valve plate adopts high precision laser cutting machinery to ensure process precision and extend valve life.
- Material selection according to customer's requirements and operation condition of the compressor

Our advantages:

- High quality control
- Competitive price
- ISO9001 certification
- OEM acceptable
- Customer's 2D, 3D drawings or samples are welcomed
- Rich experience in compressor valves
